Elmer Jones,
Pahokee, Fla.,
Dear Elmer:

I am deeply grateful to you for the little favor of Tuesday. If there were more folks around who look out for the welfare of their fellowman the world would be a brighter spot.

Yours very truly,
Paul Rardin.

Robert Mackey,
Pahokee, Fla.,
Dear Robert:

Your report on the water melon situation was interesting. I am glad to know that your crop of melons is coming along nicely but I was shocked to learn that the rabbits have been devouring the plants. Thadd Whidden has a good rabbit dog, so I've been informed. I guess you heard Charley Dukes tell that tale about plucking a 36 pound watermelon at Christmas.

Yours very truly,
The Country Editor

Chief Albert Gant and Crew,
Pahokee, Fla.,
Gentlemen:

I think it was a smart move to build the cabinet in the police roundhouse in order that you may have a place to keep your coffee pot, cream and sugar. With everything closed during the wee small hours I imagine a cup of good coffee tastes good. But, have any of you fellows ever tried to look out of that cute little building? "Wind-ex" would be a good cure for what hinders one from seeing out.

Yours very truly,
Reformer Rardin.

To Orin Bacon & Mike Hoperich,
Pahokee, Florida,
Gentlemen:

Please don't disturb all those cobwebs in your store. I've heard they are good to clot blood and certainly you should find a market for them. I think your suggestion of spraying them with various colors of paint to make them look like the rainbow was a bit screwy. However, every man to his own opinion.

Yours very truly,
P. Rardin

Davis Cafe,
Pahokee, Fla.,
Dear Mr. Davis:

Weren't you a bit chagrined the other day when (an out-of-towner placed a punch board containing nylon and other prizes in your cafe and a few hours later a strange lady walked in—spent two-bits—and walked out with a pair of the nylons? You don't suppose . . . or do you?

A Curious Reporter.

Un-turbid Waterman Douthit,
Pahokee, Fla.,

You have my sympathy. You took the job one day and the folks who buy water expected un-turbid water the next day. I have complete faith in your plans to clear the turbid condition of Pahokee water, but, I don't expect you to do it in a day—or week—or month. It will take time. I know from experience that it takes time to do things—such as build roads—or bridges—or put in culverts—or rebuild some stretches of road. No one man has a corner on all the magic in our land. And, that's the truth, Bob.

Yours very truly,
A County Commissioner.

OPENS CAMPAIGN

Former Governor Spessard L. Holland is shown in speaking pose as he opened his campaign in Bartow this week for a seat in the United States Senate. Bartow is the ex-governor's home town and he received a rousing ovation when he fired the first gun of what will in all probability be one of the most ardent campaigns ever waged by the white-maned statesman from Imperial Polk county. Already a favorite to win the seat in the world's most august deliberative body, the popular ex-governor will leave no stone unturned when it comes to carrying his campaign to every nook and corner of the state.

A NEW R.R. TO MIAMI?

Is the Atlantic Coast Line Railroad planning to run its rails into Miami? If it is planning to do just this very thing, will it extend its line from a point four miles west of Lake Harbor to the Sunshine capitol via the Okeelanta Sugar Growers Cooperative and on across the muck into Fort Lauderdale, or will the new line skip the Broward county seat and head direct for Dade?

This question has a lot of folks thinking in Hendry county and others in the Lake Harbor section are wondering what the outcome will be of the extension that the Coast Line plans to the new Puerto Rican sugar co-op 19 miles south of State Road 25.

The Coast Line received a temporary set-back Tuesday when the state cabinet deferred action on an ACL request for donation of three miles of right-of-way 200 feet wide through state land in Hendry county for construction of a spur line. G. L. Reeves, Tampa attorney for the railroad, said the company needs the right of way for a 19 mile spur from its line about four miles west of Lake Harbor to the site of a sugar mill being established by a Puerto Rican syndicate.

The request was referred to a cabinet committee and attorneys for the board of education and trustees of the Internal Improvement fund.

Residents of Moore Haven are of the opinion that their fair city will soon be on the main line of the ACL into Miami. Just recently a group of men from the Glades county site were in conversation with a group of men from Lake Harbor and all were of the opinion from what they had heard that the line would be extended from the sugar mill right on into Miami.

In the city a short while Friday afternoon while en route to Winter Haven to attend the annual press breakfast at the Haven Hotel, given by the officials of the Florida Orange Festival for newspaper men. Mr. Rardin is a former resident of Wauchula and always receives a cordial reception from his friends when he returns even for a short visit.

Buzz Granger Gets Help At Belle Glade Prison Farm

The state administrative board has assigned James Baldwin, of Tallahassee, as assistant to Walter B. Granger, superintendent of Prison Farm No. 2 at Belle Glade. Baldwin, his wife, his 11-year-old daughter and a 3-year-old son, will occupy one of the colony residences.

Because Baldwin is a former deputy state auditor and of late years auditor for the State College for Women in Tallahassee, he will be in charge of all office work and will set up a new system of accounting, bookkeeping and purchasing for the farm.

SHIRLEY'S RESIGNATION IS BEFORE THE COUNCIL

The resignation of Councilman L. L. Shirley is in the city clerk's office and will be considered by the council at its next meeting, a councilman said yesterday. Mr. Shirley has served nearly four years a member of the council. His term will expire May 7, 1946.

KEEN WON'T RUN AGAIN

Councilman W. A. Keen will not be a candidate to succeed himself in the forthcoming city election in Pahokee, according to a letter the editor received from him this week. The letter follows and is self-explanatory:

Pahokee, Mar. 6, 1946

Dear Paul:
I will not be a candidate for city councilman of Pahokee in May. I have served two terms (four years) and I most highly appreciate the confidence and trust the good people of Pahokee placed in me by giving me a large vote each time I ran. I have done my best not to betray that trust and thank each and every one for the cooperation that has been given me.

I am very much interested in the future development of Pahokee and will always be ready to assist in any way possible the good people of Pahokee. I want to thank all the city officials for the courtesy they have shown me. It has been a pleasure to work with all of them.

I again want to thank the good people for their hearty support that they have given me in the past.

W. A. Keen.

PLAN FOR COMMUNITY CHEST IN CANAL POINT AND PAHOKEE AREA

It begins to look like something is really going to be done about a Community Chest in the Pahokee and Canal Point area. A Community Chest drive one time during the year would relieve the various organizations of their task of sponsoring different drives throughout the year. One drive for a certain and definite amount one time during the year would wind up the job in a No. 1 order.

At a meeting of the civic club representatives held Tuesday night organization was set up and another meeting will be held next Tuesday night at which time a board of directors will be elected. At the meeting were representatives of the Rotary Club, Abe Dobrow, R. L. (Sam) Chastain and Roy Vandergriff; Lions Club, Joe Hutton, Rupert Mock and Henry Barwick; Fred and Percy Mansfield Post 90, American Legion, Loe Lence, Slater Brewerton and Edward Jensen; Elks Lodge, F. M. Shaughnessy, B. Elliott and E. L. Pope; Woman's Club, Mrs. Kate Cross, Mrs. Norman Kennedy and Mrs. J. R. York; city of Pahokee, Mayor O. B. McClure.

With Mrs. J. R. York acting as

temporary chairman and J. M. Elliott, temporary secretary, the following officers of the new Community Chest organization were elected: Abe Dobrow, chairman; F. M. Shaughnessy, vice chairman; O. B. McClure, treasurer; Rupert Mock, assistant treasurer and Mrs. J. R. York, secretary. Immediately upon election the officers assumed the duties of their offices.

Chairman Dobrow appointed J. M. Elliott, O. R. Bleech and Mrs. Kate Cross on a nominating committee to present at the next meeting the names of eight candidates for the board of directors. A motion by E. L. Pope to attach budgetary functions to the authority of the board of directors was carried.

The question was raised at the meeting whether or not a charter should be used in the operational procedure of the local Community Chest. The secretary was introduced to investigate this matter and make a report as soon as possible.

A finer bunch of folks couldn't have been chosen to head up a Community Chest organization. Will you do your bit to help make it a success?

County commissioners in extra session on Monday of this week redistricted the county into five county commissioners districts with as nearly even populations as it was possible to make them.

Populations of the various districts are as follows:

No. 1. A. A. Poston	24,460
No. 2. Lake Lytal	21,165
No. 3. John Prince	21,490
No. 4. C. Y. Byrd	20,247
No. 5. Paul Rardin	26,229

Before Monday's redistricting plan was put through by the commissioners the populations of the various districts stood as follows:

No. 1. A. A. Poston	4,442
No. 2. Lake Lytal	48,172
No. 3. John Prince	16,621
No. 4. C. Y. Byrd	8,613
No. 5. Paul Rardin	34,245

District No. 4, represented by C. Y. Byrd of Delray Beach, was increased from 8,613 to 20,247, adding a section of the Everglades carved out of Paul Rardin's District 5. Byrd's district now includes Boynton Beach, the southern three-quarters of Precinct 38 (Belle Glade) and now known as 38A and southern three-quarters of Precinct 39 (South Bay) and now known as Precinct 39A as well as Lake Harbor and Browns Farm. This additional area was added to Byrd's Delray Beach and Boca Raton section.

Rardin's area now includes Canal Point, Pahokee, Belle Glade, Chosen, and South Bay, with the dividing line between Rardin's and Byrd's districts being one mile south of Bolles canal.

Other districts are as follows: District 1, comprising Precincts 1 through 7 in Jupiter, Lake Park, Riviera Beach and West Palm Beach. A. A. Poston, Commissioner.

District 2, comprising Precincts 8 through 15 and Precinct 17, West Palm Beach; 31, West Gate; 32, Military trail, and 33, Loxahatchee. Lake Lytal, Commissioner.

District 3, comprising Precincts 16 and 18, West Palm Beach; 19, Palm Beach; 20, 21, 22 and 23, Lake Worth; 24, Lantana, and 42, Greenacres City. John Prince, Commissioner.

The redistricting resolution was adopted on motion of Commissioner A. A. Poston. Seconding the motion, Commissioner Lake Lytal of West Palm Beach, who had fought for such action, expressed appreciation of co-operation of his fellow board members in Monday's action and voiced belief the board acted "with the sincere purpose of doing the right thing toward all electors."

Lytal also expressed the opinion that redistricting is effective immediately for purpose of candidates running for election and effective Jan. 1, 1947, for all other purposes.

Commenting on the new redistricted setup, Commissioner Rardin said: "Since the Supreme Court ruled that my district must be cut, I am pleased to know that it goes into the district represented by Mr. Byrd. He has assured me and members of my district that he will work wholeheartedly and co-operatively for continuance of the road and bridge program in the Glades."

25 Useful Years

It has fallen to the lot of few jurists to have served a quarter century on the bench at the age of Judge Curtis E. Chillingworth.

Members of the bench and bar and other friends assembled in the circuit room yesterday to pay him the honor which is his due.

However, length of service is not alone responsible for the stature which Judge Chillingworth has attained in his own community and throughout Florida. Beginning with a brilliant mind and a passion for fair dealing his knowledge of the law and legal practice has grown through the years and won for him the name of being one of Florida's outstanding jurists.

Nor has his love for his chosen profession and his proficiency in it, been allowed to interfere with his affection for the United States Navy, in which he served ably in two wars.

Their respect and admiration for Judge Chillingworth was feelingly expressed by the bar of his own county in resolutions which went into the record of the circuit court yesterday. His two associates, Judge Tedder and Judge White, as well as individual members of the bar, added their testimonials to his unusual qualities as a jurist.

Their sentiments are shared by Judge Chillingworth's fellow citizens of Palm Beach County, as well as by all who know him. Born and reared in this county, his life and character should serve as an inspiration to our youth and an example to all citizens.

It may be truly said that Judge Chillingworth's 25 years on the bench have been a notable contribution to the courts and to good citizenship.—Palm Beach Post.

Pahokee Scouts Clear \$234.33 With Chicken Supper

If you failed to partake in the scout's chicken and rice feed at the Woman's Club Saturday night you missed out on a good meal and a lot of fun. In the role of waiters the Scouts themselves provided plenty of entertainment by the manner in which they served the food.

After it was all over Troop 23, sponsor of the chicken dinner, found its treasury richer by \$234.33, net proceeds which will go toward the purchase of new uniforms for members of the troop. Scoutmaster Jack Phillips thanks the public for the fine spirit of cooperation it is showing the Scouts in this and other projects which the troop is sponsoring to raise funds for the uniforms.

MEN'S BIBLE CLASS

Although several went with the High School band (a fine institution) to West Palm Beach last Sunday, 78 men were in attendance at the Pahokee Bible Class. The usual large number of ex-service men helped to swell the crowd. Sixteen is the highest so far. It is hoped many more will be present this Sunday. Two hundred total enrollment is the goal of the class, and with 75 to go, attainment is not too far distant. The special series of talks on "The Children of Israel", by the teacher, Rev. C. A. Moberg, is meeting with much favor. The next discussion will be based on the Book of Judges. The Class Quartet will present its usual fine program of three selections. A most cordial invitation is extended to all unaffiliated men of the community, service men and visitors. The class meets each Sunday in the Lions building, 9:45.

Coronation Is Set For Sunday Night

The public is cordially invited to attend the Coronation Service on Sunday night at the Canal Point Missionary Baptist Church at 7:00 o'clock. Cinematic Chatter

By Malcolm Millar

With Fred McMurray and Marjorie Main as the principal stars and a list of featured players that reads like an all star cast in support of them, "Murder, He Says", which is to be screened at the Prince Theatre this coming Sunday-Monday, promises to be one of the most delightful shows that has been on our screen in some time.

To tell you the story of this show would be to spoil the whole evening for you. I strongly advise your pushing other engagements aside and theatering on Sunday or Monday with Fred McMurray and Marjorie Main in a riot!

Tuesday - Wednesday brings a very delightful romantic comedy under the title "C. I. Honeymoon", which stars Gale Storm and Peter Cookson and lists a very imposing roster of featured players.

On the same program comes one in keeping with the last days of the war under the title "The First Yank in Tokyo", with Tom Neal and Barbara Hale as the stars of the piece and a host of other well known Hollywood players in support. I'm sure you'll enjoy every moment of this show.

Thursday-Friday I see a murder mystery on the bill-of-fare under the title "Hollywood and Vine" and starring James Ellison and Wanda McKay, who are surrounded by some of the best "mugs" in Hollywood... and plenty rough.

On the same program comes "A Gay Senorita", which is a very entertaining musical comedy romance with Alan Lane and Jean Rogers in the starring roles. I am sure you'll enjoy every moment of this one.

Saturday comes Don Barry and Helen Talbot in "California Joe". Barry has many fans among the

members of the Six Shooters Club and I'm sure they will welcome his appearance on our screen. See you at the movies—Mal.

Azucar Office Is Officially Bryant

Word has been received from the postmaster general's office announcing that the name of the post office at Azucar, Fla., has been officially changed to that of Bryant, Fla., to honor the late F. Edward Bryant, vice-president of the sugar company and pioneer in the Everglades.

Employees of the sugar corporation petitioned the postmaster general through Rep. Dwight L. Rogers to make the change soon after Mr. Bryant's death at the age of 72, on Dec. 6, 1945. The Bryant post office, serving more than 2,000 persons is located on the Bryant plantation, formerly the Azucar plantation. Mr. Bryant built the first sugar house in the Everglades in 1921, and was a pioneer also in the cultivation of rami in the Everglades.

Mr. and Mrs. C. W. Dukes have sold their home in Pahokee to Mr. and Mrs. Glen Abling. Mr. Abling is employed in Belle Glade. Mrs. Dukes will leave shortly with her grandson, Billy Kendrick, for Berkeley, California, where she will undergo a six-months treatment in a hospital. Mr. Dukes, who is employed at the Lake Okechobee Farmers Cooperative at the State Market, will make himself comfortable in a house trailer at the market during Mrs. Dukes' absence.

Mrs. Emma Wheeler returned to Pahokee on Wednesday after a visit with her son-in-law and daughter, Mr. and Mrs. E. L. Chapman in Orlando.

An enrollment of 809 pupils in the Belle Glade school, at the end of February, sets an all-time high record for the school, according to Principal Frank Hobson.

Home Shortage Is Legion Subject

The difficulty of establishing homes faced by most married veterans returning from the service to this community was discussed by members of Fred and Percy Mansfield Post 90, American Legion, at a meeting in the city hall Monday night. To assist these veterans the Legion launched a movement to obtain desirable residential building lots for them at no cost to the veterans, if possible, or at a cost of not more than \$200 a lot. The support of the city of Pahokee and local civic organizations in the "home sites for returning veterans" movement will be sought by the Legion.

Slater Brewton, World War II veteran, was elected vice post commander to fill a vacancy in the roster of post officers. Plans were made for a membership drive with the goal set at 200 members.

Seventh Baptist Article of Faith "Grace In Regeneration"

"We believe that in order to be saved, sinners must be regenerated, or born again; that regeneration consists in giving a Holy disposition to the mind; that it is effected in a manner above our comprehension by the power of the Holy Spirit, in connection with Divine truth, so as to secure our voluntary obedience to the gospel; and that its proper evidence appears in the Holy fruits of repentance, and faith, and newness of life."

County Forces Repair Cut-Off Road

County road forces this week hauled several hundred yards of rock to the detour road from the state highway to the ice plant in Belle Glade for shoulder repair work, according to County Commissioner Paul Rardin. This particular road was not built for the heavy traffic it is carrying while the new road from the bridge in Belle Glade to the packing house district is under construction. However, under the watchful eyes of the county road crew the road is being kept in fair shape for travel. Since traffic was turned over the short cut-off road a few months ago, the county crew has repaired it several times and a few months ago hauled in several hundred yards of rock to patch the then wilting shoulders.

We got lost again last week. It was that income tax business that had us snored down, however we learn something new every year. All you need is one set of instructions and two number ten-forty blanks. You start reading the instructions just like you know what it is all about, before you are half through you wonder if the fugitive from a nut house, that drew up the blank, has been retired on a government pension or is still running loose. When you are completely saturated with instructions, you then start to confess. In group one you print your name, your wife's name and all the relatives you dare to include. In group two you list your income or earnings, we should say just your earnings because you do not have to declare your bridge and poker profits until you come to group four (no one ever loses at bridge or poker). Line five says, "add amounts in items 2, 3, and 4," that is done by simple arithmetic.

If you can fight your way through lines six, seven, eight and nine, followed by further questions in small print, you will find this starting you in your bare face, "I declare under the penalties of perjury that, etc., etc." Now you know what that second blank is for, fear up the first one and start over again. If you tell the truth you will never be able to pay off and if you do not tell it right you will lay awake nights wondering when the axe is going to fall. It simmers down to one of two things, trying to live in Pahokee broke or free room and board in Atlanta. Of course, we can tell you the best way to work it, wrestle around

with it yourself until the fourteen-th then rush up to a tax man and hand him a bunch of fast and loose figures, get a pint of giggle juice and go jokin'. The fee won't bother you half as much as the headache. Don't forget that if you bought fifty chicks and half of them died for any reason, such as the lack of feed, it can be considered a capital loss. File any and all possible claims and you might get a refund.

Wonder what that word "turbid" means that was spilt all over the front page of last week's paper? If it means what came out of the bath tub faucet last Saturday nite we know an English word for it that everybody understands. We do not mind making the water look like that after the weekly bath, but it's tough crawling into a tub filled with what looks like is connected to the neighbors drain pipe. The city has gone "all out," cash and otherwise, to try to rectify the problem but we feel that it will take more than a flash of greenbacks and talk to do the job.

This town and some of the people in it must need an injection of "aunt Minnie's enlargement oil" or something. Here it is only eight weeks until election and we have no rush of candidates, no cards and no stinking cigars. We have not had one chance to tell a lie yet, we never feel right until we have told each and every candidate that they have our full support. Maybe it is best to put it all off until the last minute, that confuses the voters more and makes them feel more important, or more useless.

Have you been listening to any of this blowing about the state of Florida and the ramie deal? If our memory serves us correctly, it was just about a year ago that the state farm or that, ramie outfit, offered some of the growers here enough seed or plants (whichever it takes) to plant an acre of ramie for experimental purposes. As far as we know, no one took advantage of their generous offer. The reading public knows, and is looking forward to the development of ramie. The world is waiting for it; therefore it will be produced and processed. It will be done right here in the Everglades because it is supposed to be the best place for it. If it is not done by local interests it will be done by outsiders. Perhaps it would be best to let the State of Florida start their deal off, when they get all the wrinkles ironed out and we have a bad vegetable season, then will be the time to run them off. When the next election comes along, run off all the politicians that had anything to do with the state being in the ramie business. Speaking of politicians reminds us of the old, old story of the mountaineer who had seventeen children, all boys. When they came of age they voted uniformly the democratic ticket, all except one boy. The father was asked to explain this evident fall from grace. "Wasn't," he said, "I've always tried to bring them boys up right, in fear of God and democrats to the bone, but John, the ornery cuss, got to readin'."

A Message Concerning

Telephones For Farmers

One of our most important peacetime activities, supplying telephones in farm areas, has been resumed and is being expanded as rapidly as equipment and materials are available.

Considerable time and equipment will be required to build the lines and install the facilities necessary to extend service to all areas.

You will be glad to know, however, that we have started our rural development activities and are expanding the work to bring telephones to additional farm communities just as fast as we can.

What's around the corner, MISTER?

YOU'RE a mighty smart man if you can answer that one!

But you can be almost as smart if you fix things so no matter *what* happens around that corner, you're all set financially.

Ask anyone you want—doctor, lawyer, merchant, chief—they'll all tell you there's

no better way to save for a rainy day than by the U. S. Payroll Savings Plan.

The Savings Bonds you buy are exactly the same as your War Bonds were—the same fine investment, too.

If you have a youngster like the kid above, the money you lend your country now will help pay for his college when the time comes.

Or give you a real vacation someday. Or let you buy the worth-while things you'll *really* want in a few years.

Yes, sir—there's no wiser way to plan, no better way to save, than through your Payroll Savings Plan. Remember—four dollars for every three in just ten short years!

Stick to it!
